ACLS Yukon Regional Group
Annual Report 2019-2020

The regional group held 2 meetings in 2019. At the first meeting I was elected as the new group chairman replacing Paul Burbage.

Our group is growing in numbers with four 2019 UNB Graduates moving to the Yukon. This is great for the health of the CLS System in Yukon.

In November 2019 The Group prepared and presented a letter to Yukon Dept. of Energy Mines and Resources regarding an issue relating to the 100ft Reservation along navigable waters in Yukon. This was in response to some press coverage the issue was getting and the ACLS Yukon Regional Group felt it was a key stake holder.
