

CAREER OPPORTUNITY

POSITION TITLE Land Surveyor

STATUS Permanent, Full Time

LOCATION Vancouver, BC

Role Overview

McElhanney Ltd. is looking for a British Columbia Land Surveyor (BCLS) working on projects throughout BC and Internationally. The successful individual will have the opportunity to manage projects across various market sectors with a focus on using modern survey technologies to meet the needs of our clients and stakeholders. The ability to lead survey teams, provide advice to clients and colleagues and maintain project budgets is essential. This intermediate or senior level role is ideal for a self-driven, superior communicator who enjoys a challenge and the satisfaction derived from being part of an established multidisciplinary team.

McElhanney's culture of teamwork, mentorship and career growth make this position ideal for the successful candidate to both mentor junior staff, collaborate with other land surveyors in McElhanney and to be mentored by senior management and surveying specialists within our organization.

What You'll be Doing:

- Managing various survey project types including mining and infrastructure, indigenous land claims, land development, topographic, engineering and construction
- Leading survey crews and office staff on projects; communicating scope and scheduling information to team members
- Promoting a culture of safety and adherence to McElhanney HSE policies and Safe Work Methods
- Maintaining project budgets and building client relationships
- Liaising with both internal (McElhanney) and external Project Managers and clients
- Providing mentorship, guidance, and training to assist with professional development of the survey team
- Ensuring quality assurance procedures are carried out for proposals, field returns, drawings, legal plans, documents, and other deliverables
- Providing advice to clients on property and legal survey matters
- Other duties as required.

What You'll Bring:

- BCLS accreditation with a minimum of 5 years practicing; CLS commission is an asset. Commissioned Land Surveyors from other jurisdictions with intent to attain ABCLS commission will be considered
- Diploma or degree in Geomatics with strong data processing/computations skills
- Excellent communication, teamwork, and leadership skills

- Proficiency in computer applications (Office 360, MSCAD or Civil3D and GNSS processing software at minimum)
- Valid driver's license
- Periods of travel may be required for the role

What Can We Offer You?

- Flexible work hours and location to accommodate lifestyle needs
- Maternity leave top-up and parental leave
- Great benefits, including extended health and dental coverage, healthcare spending account, and RRSP matching
- Employee and Family assistance program, which offers 24/7 support for all employees and their families either online or over the phone
- A family-like culture that is characterized by respect and inclusion for all
- Continuous support for your professional development and growth
- Ability to become a shareholder in an employee owned company

About McElhanney

Based in Western Canada for over 100 years, McElhanney offers innovative and practical engineering, surveying, mapping, planning, landscape architecture, and environmental services. As a 100% employee-owned and operated firm, with over 1,100 staff members in 33 locations, we are proud to offer qualified staff with shareholding options in our company. At McElhanney, we work in teams to build strong connections with our staff, clients, and local communities. Our employees enjoy working here because of our varied projects, high levels of autonomy, opportunities for career development, excellent total compensation and benefits package, and collaborating with a team of great professionals.

If this is the opportunity for you, apply now or visit www.mcelhanney.com/careers to apply online. We thank all applicants for their interest; however, only shortlisted candidates will be contacted.

McElhanney's Surrey Survey group is a multi-disciplinary professional office currently involved in many high profile projects. We enjoy a high level of job satisfaction due to solid team effort and a positive corporate culture. Located on the 23rd floor of Central City Tower, our modern office space is near SkyTrain and readily accessible via public transit.
