

**RESOLUTION
BY-LAWS AMENDMENT 2022-2**

RESOLUTION

This Resolution concerns Part 5 of the by-laws amending portions of the by-laws dealing with financial matters.

BACKGROUND

In recent years, ACLS has had increased operating costs due to the addition of a part time Registrar on staff and cost-of-living. The ACLS had a deficit 2021 and will have a considerably larger deficit in 2022. The Board of Examiners fees under section 12.4 have not been increased in a long time. In general, these fees have not followed the cost of living expenses and the increasing staff salary costs. For example: The most recent increase in the permit fee was on January 1, 2018. If we would have followed the cost of living, the fee should be \$425.00 in 2022; it is only \$400.

RECOMMENDATION

To generate additional revenues, ACLS Council has approved the recommendations of the ACLS Finance Committee, which proposed the following amendment to the fees associated with Membership, License and Permits and all of the fees indicated in section 12.4.

The ACLS Council also asked the By-laws and Legislation Committee to develop amendments to be included in the complete revamp of the By-laws, that would allow Council to increase dues and fees up to a certain limit without the need for a membership vote, which exist in some of our sister associations.

THEREFORE, BE IT RESOLVED

That effective 1 January 2023, the following changes be made to sections 12.1 (a), 12.2 (a) and (b), 12.4 and 12.5 (1) (a) and (b):
